

## LISTING OF CLAIMS

1. (Cancelled)
2. (Currently Amended) ~~The clock of claim 1 wherein the support is~~ A clock comprising a hanger, a hand-moving mechanism suspended from the hanger, a plurality of time indicators suspended from the hanger independently of the hand-moving mechanism, and a hand attached to the hand-moving mechanism and adapted to point to the time indicators by action of the hand-moving mechanism ~~from which the hand-moving mechanism and time indicators are suspended.~~
3. (Original) The clock of claim 2 wherein the hand-moving mechanism and time indicators are suspended from the hanger by cords.
4. (Currently Amended) The clock of claim 3 [[4]] wherein the cords are torsionally resilient to prevent permanent twisting of the time indicators.
5. (Original) The clock of claim 3 wherein the hand-moving mechanism is suspended by two said cords.
6. (Original) The clock of claim 2 wherein one of the time indicators is suspended from the hand-moving mechanism.
7. (Currently Amended) The clock of claim 4 2 wherein the time indicators are Arabic numbers.
8. (Original) The clock of claim 3 wherein each time indicator has a cord connector by which it is attached to one of said cords.

9. (Original) The clock of claim 8 wherein some of the time indicators include two cord connectors, one positioned above the other in use, the lower one of which suspends another said time indicator with another cord.
